If the CDC, Democrats, & media cared about #COVID, they would work as hard as possible to:

•End Obesity - 80% of covid hospitalization & deaths.

•Close the Border - stop spread of disease.

•Study & Promote Effective Treatments like HCQ & More.

But they care about control.

Why would a sitting Senator running for Vice President raise money to bail out rioters?

June 1, 2020 Minnesota was burning and the city was being destroyed by violent riots.

And the donations were raised on Actblue, the Democrats national fundraising platform.

Taking #AngloSaxon out of context to mean racist is the same as the idiots that lied about me and #JewishSpaceLasers.

Jake, how about you tell your favorite communist @AOC to debate me and I'll teach her about #AmericaFirst.

93% of the $47 billion already given in free rent for renters has NOT been distributed.

The CDC doesn't have authority to make law.

Congress does.

This is a violation of our Constitution & recent SCOTUS ruling.

Besides who would pay steep fines & go to jail when landlords go bankrupt, lose their homes, or die from this unconstitutional DOJ enforced moratorium?

Joseph Zeballos-Roig @josephzeballos

The new 60-day CDC eviction moratorium carries steep criminal penalties for individual landlords who break the law

Potential $100k fine and 1 year in jail if eviction doesn't result.

I have talked to multiple women who say they miscarried healthy pregnancies after taking the #COVID19 vaccine.

Not only miscarriages, but also reporting blood clots and heavy & irregular periods after taking the Experimental Use Covid vaccine.

Stop vaccine mandates!

Taking #AngloSaxon out of context to mean racist is the same as the idiots that lied about me and #JewishSpaceLasers.

Your communist dictatorship.

Shutting down businesses, closing churches, schools, and beaches is disgraceful

Most of the Veterans I know have difficulty getting medical care from the VA.

Yet Veterans are receiving a letter from the VA asking them to "serve again" by getting the emergency use vaccine that over 99% of people survive.

Will the VA refuse benefits if Veterans say no?

Jesse Kelly @JesseKe yDC
VA really out here asking me to "serve again" and get the vaccine.

What level of madness have we reached here? don't know, but I'm sure there s more to come.

Colorado has everything the left has asked for...

- Universal Background Checks
- Red Flag gun seizure laws

And it still didn't stop a thug like Ahmad Al-Issa from murdering Americans.

My colleagues and I were locked out of the Deplorable Jail!

Members of Congress need to conduct oversight, yet our letters and calls get ignored. Then we get told we are trespassing.

The American people deserve answers! It's outrageous!!

Today, my colleagues & I went to the DOJ, who repeatedly ignored our letters & requests for info about J6.

They refused to even let us in the lobby.

Once again the Biden DOJ refused to answer any of our questions.

The American people deserve better than Pelosi's witch hunt.

The WHO says "children should not be vaccinated."

Schools should NOT force vaccines on children nor should they force masks.

#COVID19 vaccines are not yet FDA approved, and continual mask wearing is unhealthy.

Children should not be vaccinated for the moment.

There is not yet enough evidence on the use of vaccines against COVID-19 in children to make recommendations for children to be vaccinated against COVID-19. Children and adolescents tend to have milder disease compared to adults. However, children should continue to have the recommended childhood vaccines.

Simply by showing up on the House floor, saying we request roll call votes on 13 bills that were supposed to pass in the dark, with no recorded vote, now all 13 bills have been pulled from the floor today.

Why?

Pfizer's trial data showed no efficacy of the vaccine for those with evidence of prior infection. FDA published this 8 months ago. The political scientists at CDC are trying to show otherwise by contriving studies that FDA would laugh out of the room if presented for approval!

The FDA should not approve the covid vaccines.

There are too many reports of infection & spread of #COVID19 among vaccinated people.

These vaccines are failing & do not reduce the spread of the virus & neither do masks.

Vaccine mandates & passports violate individual freedoms.

If you support Democrats please understand what is about to happen to America and the long term consequences.

Becoming dependent on China for all of our battery needs for all transportation is disastrous.

Take politics out & really think this through.

Read the actual bills.

The Pfizer vaccine will be FDA approved soon as a vaccine to protect people from getting covid & spreading covid.

Many people's personal testimonies are saying they are still getting sick with covid and vaccinated people are spreading it.

It should NOT be approved or mandated.

They are all on record in their own words promoting and approving violence against President Trump and his supporters.

We will never forget.

Have they condemned any of it?

Nope.

Have they called in the NG for riots ongoing even now in Portland and Seattle?

Nope.

After 7 days of Twitter jail, I just have to say @GettrOfficial is GREAT!

Terrorist like the Taliban don't have an account.

GETTR doesn't send me emails about violating German law.

And I have freedom of speech, absolutely love it!

All Americans should be taken out of Afghanistan FIRST!

All Afghan refugees should be held elsewhere and vetted right now, NOT given direct entry into the U.S.

And we should re-instate the Remain In Mexico policy to do the same at the southern border.

Ilhan Omar was a refugee.

She broke federal laws and married her brother to get him in the US.

In Congress, Omar supports defunding police, bailing out BLM rioters, funding terrorists with her SAHRAA bill, & opposes our ally Israel.

Vet all refugees outside the US!

Vet them outside the US, just like Remain in Mexico.
Will this bring chain migration too?

You can stop with the racism now Cori and put your race card back in your pocket.

When they say that the 4th of July is about American freedom, remember th s: the freedom they're referring to is for white people.

From day one, Sleepy had a plan to invade our country with hundreds of thousands of illegal aliens through our Southern border.

But he had no plan to get tens of thousands of American citizens safely out of Afganistan?

The Infrastructure bill pays China to build "infrastructure" & EV charging stations.

The Budget passes the Green New Deal forcing the US to EVs.

China dominates the battery market. The US is less than 10%.

Republicans that vote for this help the CCP conquer America's economy.

If one single American trapped in Afghanistan is harmed by the Taliban, then the Taliban should feel the full force of the American military.

The Taliban must stand down and allow every single American to leave.

This should NOT be a negotiation.

Your communist dictatorship.

Says a black woman, who is one of only 435 people in all of America currently elected to serve in Congress.

You can stop with the racism now Cori and put your race card back in your pocket.

4th of July is freedom for all from a tyrannical government.

Happy Independence Day!

Cori Bush @CoriBush

When they say that the 4th of July is about American freedom, remember this: the freedom they're referring to is for white people.

This land is stolen land and Black people still aren't free.

All Americans should be taken out of Afghanistan FIRST!

All Afghan refugees should be held elsewhere and vetted right now, NOT given direct entry into the U.S.

And we should re-instate the Remain In Mexico policy to do the same at the southern border.

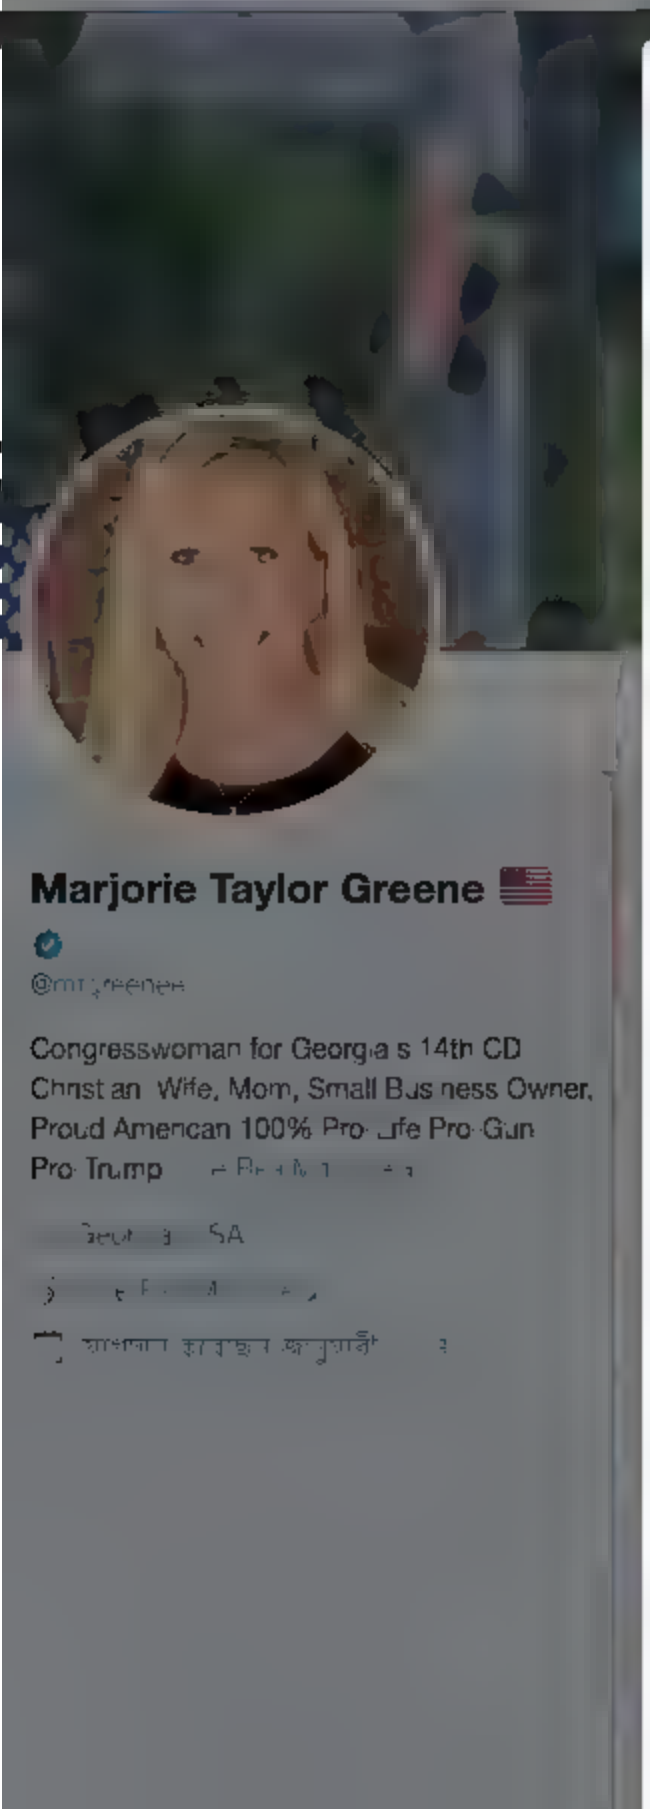
All Americans should be taken out of Afghanistan FIRST!

All Afghan refugees should be held elsewhere and vetted right now, NOT given direct entry into the U.S.



And we should re-instate the Remain In Mexico policy to do the same at the southern border.

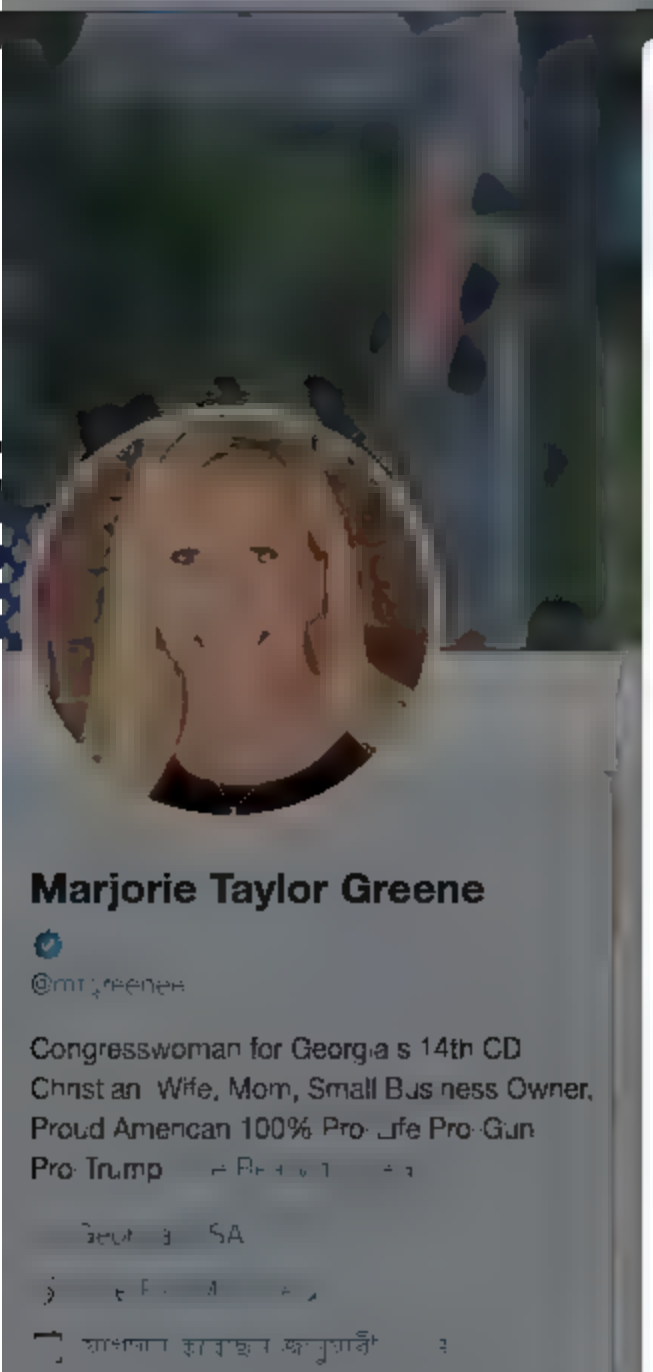
All Americans should be taken out of Afghanistan FIRST!



All Afghan refugees should be held elsewhere and vetted right now, NOT given direct entry into the U.S.

And we should re-instate the Remain In Mexico policy to do the same at the southern border.

Prioritize #AmericaFirst

Remember that guy who offended you with “mean”tweets?

He would have never left you stranded under terrorist rule.

Never forced you to take a vaccine, he would always give you the choice.

And he would always put your life and your family first even if you didn’t vote for him.

This is exactly why I introduced Articles of Impeachment on Joe Biden.

Abuse of Power.

Biden is corrupt and is selling America out.

Biden left Americans & Afghan allies behind and didn't negotiate mining the rights to $1 Trillion in rare earth minerals in Afghanistan literally the week before Pelosi tries to pass AOC's Green New Deal in both the Infrastructure and Budget bills.

He left it all for China.

This is a complete failure from @JoeBiden but also from Milley, Blinken, and Austin.

Our military is fully capable of getting our American citizens and Afghan allies out to these planes.

Our military and our people deserve good capable leadership.

But I'm pretty sure you can do more pull-ups than the woke General Milley!

Many want to impeach Biden but are hesitant bc they fear a Kamala presidency.

There's nothing to fear. She's worse in every way than Biden & Dems don't like her. Expose her & expose the entire Democrat party for who they are.

We can't allow Biden to get away with abandoning tens of thousands of Americans & allies in #Afghanistan.

Pelosi is going to pass the America-Last Green New Deal allowing China to defeat us.

The Taliban would have NEVER said no to President Trump, but they just told Biden no to extending the August 31st deadline to pull troops.

Biden abandoned Americans and dishonored our military, veterans, and allies.

Biden has disgraced America!

Now that we know people from groups like Proud Boys and Oath Keepers have been arrested and charged for Jan 6, how many Antifa members have been arrested and charged?

Are any of them being held in solitary confinement in the Deplorable jail?

We want the 14,000+ hrs of video.

Now that we know people from groups like Proud Boys and Oath Keepers have been arrested and charged for Jan 6, how many Antifa members have been arrested and charged?

Are any of them being held in solitary confinement in the Deplorable jail?

We want the 14,000+ hrs of video.

They raise money for and bail out of jail violent domestic terrorists and call them "peaceful protestors" yet want to destroy the lives of anyone at the Capitol on J6.

The traitors that are making decisions have only brought home 4,000 Americans.

They are not putting American citizens first.

Biden just announced they have evacuated 70,000+ people.

Do the math.

They put Americans last in every single way, but Americans pay for it all.

I introduced Articles of Impeachment last Friday.

Republican voters & some Democrats all over the country want Biden impeached for his betrayal & absolute dereliction of duty.

Republicans in Congress need to get on board.

I believe many are.
We just need to start.

Says a black woman, who is one of only 435 people in all of America currently elected to serve in Congress.

You can stop with the racism now Cori and put your race card back in your pocket.

4th of July is freedom for all from a tyrannical government.

Happy Independence Day!

Cori Bush @Cor Bush

When they say that the 4th of July is about American freedom, remember th s: the freedom they're referring to is for white people.

This .and is stolen land and Black people still aren't free.

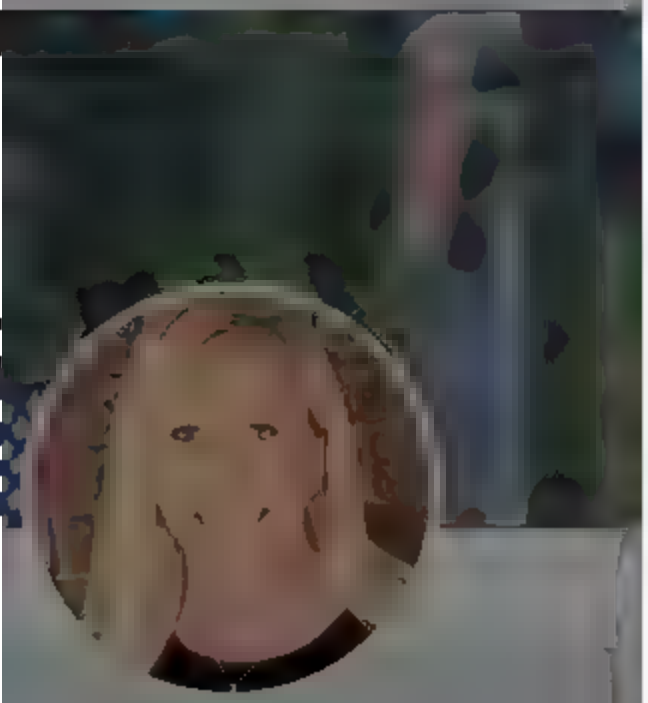
Resolved, That Joseph Robinette Biden, President of the United States, is impeached for high crimes and misdemeanors.

Articles of impeachment exhibited by the House of Representatives of the United States of America, in the name of itself and of the people of the United States of America, against Joseph Robinette Biden, President of the United States of America, in maintenance and support of its impeachment against him for dereliction of duty by leaving behind thousands of American civilians and Afghan allies, along with numerous taxpayer financed weapons and military equipment, endangering the lives of the American people and the security of the United States.

The Constitution provides that the House of Representatives "shall have the sole Power of Impeachment" and that the President "shall be removed from Office on Impeachment for and Conviction of, Treason, Bribery, or other high Crimes and Misdemeanors."



In his conduct while President of the United States, in violation of his constitutional oath faithfully to execute the office of President of the United States and, to the best of his ability, preserve protect and defend the Constitution of the United States, Joseph Robinette Biden showed dereliction of duty by leaving behind thousands of American civilians and Afghan allies, along with numerous taxpayer financed weapons and military equipment, endangering the lives of the American people and the security of the United States.

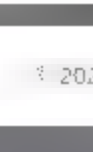
Our military is being demoralized and killed by the failures of everyone involved in Biden's disaster, and we have the greatest military in the world.



Americans are put last and being abandoned.

Inaction is unacceptable.

I'm tired of losing.

America has been losing since January 20, 2021.

This week has been the worst.

I want to go back to winning again.

I never got tired of it.

But I hate losing.

The rot that Afghanistan has exposed at the top of our government institutions is staggering. The incompetence. The ineptness. The callousness toward American citizens and allies. Those in charge should resign or be fired. Our brave soldiers deserve better.

Right. I think I said that a few times.

Like I have been saying for months, denying the role and value of natural immunity is a serious mistake, and it is not science.

It's government propaganda for vaccine mandates, even for those with natural immunity.

Natural Immunity >> Pfizer Shot

The vaccine mandates are unscientific for two reasons:

1) they do not recognize immunity from prior infection

2) SARS-CoV2 can be spread by vaccinated people

so what's really going on?

The Biden administration is purposely demoralizing our military.

Forcing them to fail, lose, and die.

Not allowing them to fight back. Forcing them to leave Americans behind. Making them give military equipment to the enemy they've been fighting for 20 yrs.

Terrorists and criminals on watch list have already made it out of Kabul in the chaos over the past week.

Another failure by the Biden admin and US officials that created this disaster.

Not our military troops fault, they just had to follow orders.

As the last American planes leave, the horrors for women have already begun.

Tragically, American women are abandoned there too.

I can only pray that we have not brought the monsters over here in Georgia or America.

If so, those responsible will pay.

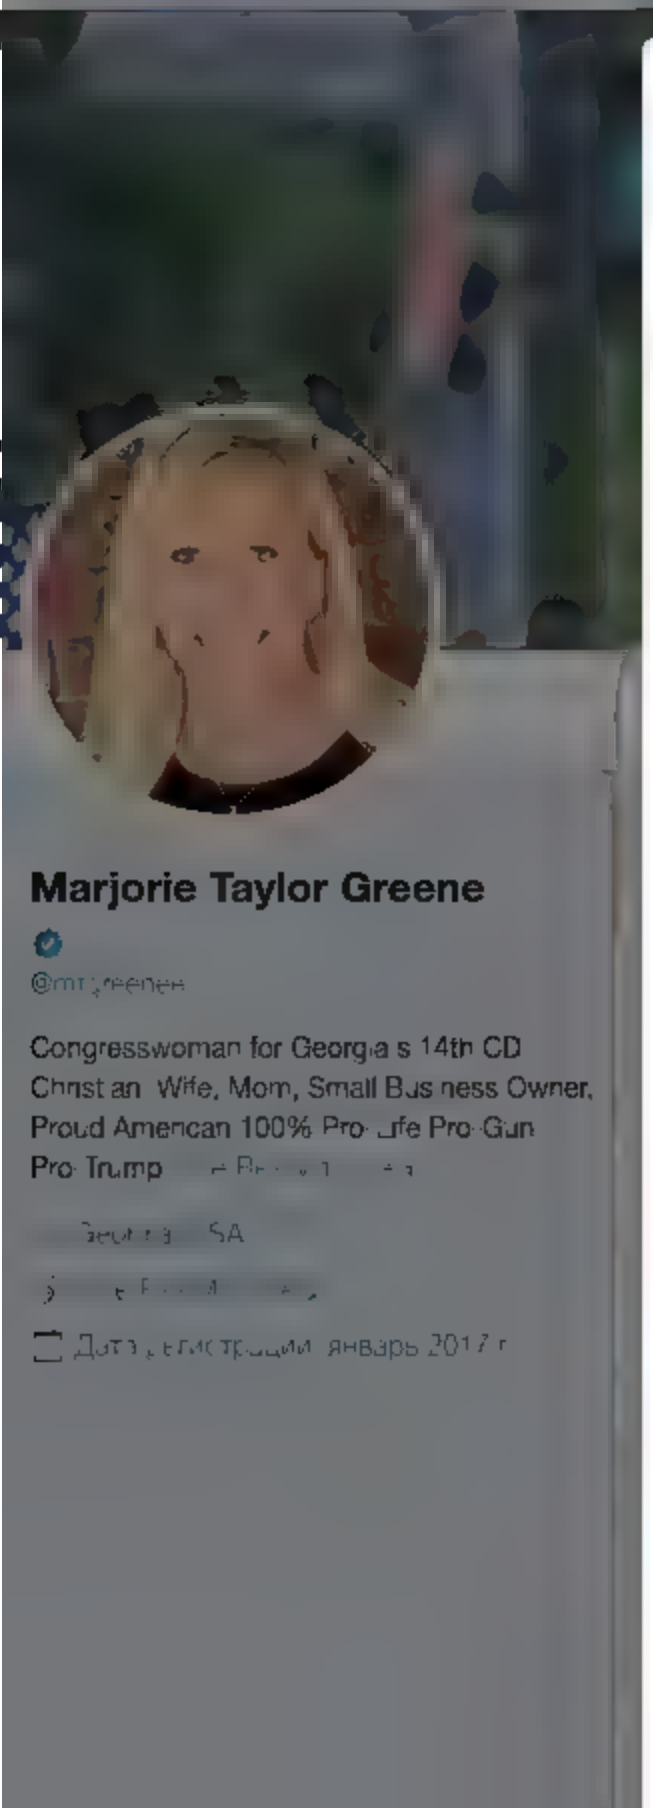
Speaker Pelosi is running an unethical oppressive work environment in the House of Representatives.



Forcing masks compliance and demanding vaccine records in order for me to represent the people of #GA14, is tyrannical.

The Jan. 6 committee is Nancy Pelosi's Witch Hunt 2.0.

This is the same political warfare Democrats waged against Pres. Trump.

This witch hunt against me is just a preview of the communist agenda they plan to unleash on you and anyone who opposes them.

Biden abandoned Americans.

Most of the Afghans coming in are NOT SIV's. They are asylum seekers w/ unknown histories.

In 2011, then Secretary of State, Hillary Clinton, worked on the Silk Road Initiative

It connects China to many countries & helps them become #1 super power through trade. It also grows the economies of Afghanistan, Pakistan & more enemies to the US.

As a matter of fact, this was a big project that our US government was involved in while they were paid by the American taxpayers.

The Obama/Biden/Clinton government policies are globalism & build the world's economy on the backs of America's taxpayers.

While the US military was involved in conflict in Afghanistan and Iraq, our gov (US taxpayers) also paid for the geological surveys of in Afghanistan and found over $1 T in rare earth minerals, including lithium, which is needed to make batteries that are needed for EV's.

During these years, our Gov (US taxpayers) also built the roads & infrastructure to the rare earth mineral mines in Afghanistan.

While you might have gotten a flat tire from those potholes in America, we were paving roads to Afghanistan's treasures wanted for big plans.

When Hillary first started her America-last push for the Silk Road Initiative, Russia was a key player

But in 2016, after Hillary lost, China picked up the plan.

Remember she wasn't supposed to lose

But Russia and now Iran are set as allies to China

With the recent 25 year deal made between China and Iran, a trade agreement will be made possible like never before

With Trump's America First policies, both of these countries had suffered economically and America was finally becoming great again.

Now that the same globalist power structure is back to running the show in the swamp, the plan is very much underway.

The Silk Road Initiative became the One Belt One Road Initiative

It's now part of the Build Back Better World G7 summit agreement, and America-Last.

The Belt and Road Initiative is the centerpiece of Communist China's economic plan.

Many countries all over the world are financially invested in helping China dominate the world in manufacturing and trade.

The entire world will depend on China for essential supplies.

Now under the Democrats, we are only beginning to feel the deadly effects of an America Last agenda that serves China First.

Biden's approval numbers have tanked bc of his betrayal to America in Afghanistan withdrawal, the border national security crisis, & rising inflation.

But this just the start.

When Americans fully grasp that Biden didn't negotiate the mining rights to $1 T of rare earth minerals after we built the infrastructure and how he left it for China while Pelosi rammed through the GND that will lawfully force every American to EV's.

America must not let herself be swept up into the global economy.

America must hold onto her freedoms.

Freedoms that are for every identity and every American.

The FDA should not approve the covid vaccines.

There are too many reports of infection & spread of #COVID19 among vaccinated people.

These vaccines are failing & do not reduce the spread of the virus & neither do masks.

Vaccine mandates & passports violate individual freedoms.

They have been working for decades to shift America to Socialism without ever firing a bullet.

America must not let herself be swept up into the global economy.

America must hold onto her freedoms.

Freedoms that are for every identity and every American

#ImpeachBiden and keep going down the list.

Republicans in the House must fight harder in order to stop it.

August 20th I introduced Articles of Impeachment on Joe Biden.

With 40% of Democrats saying Biden deserves to be impeached, it's time for the Republicans in the House to unify and begin the process.

There are literally no excuses.

What makes the world go around?

God does, but when it comes to mankind, it's money.

While the media keeps you fixated on J6, Covid, and how it's always Trump's fault, you might want to ask about these things.

The Biden admin is run by all the same people as the Obama admin.

Marxist for decades, finishing what they started.

Turning America into a full socialist government dependent on the global economy.

In order to understand what happened in the span of 1 week, when Biden pulled out of Afghanistan & Pelosi rammed through the $3.5 T budget which is the Green New Deal, you have to look back in time

As a matter of fact, this was a big project that our US government was involved in while they were paid by the American taxpayers.

After 2 weeks & multiple life threatening attempts, I am overjoyed to share that 4 U.S. citizens from #TX13 were part of the first successful ground evacuation since the U.S. left Kabul. Thank you to Cory Mills & the other patriots on his team for saving these

Biden's DOJ will use "all options" & full force of federal law enforcement to make sure babies less than 6 weeks can be killed in TX.

But Biden's admin will NOT use the full force of the federal gov to stop the illegal invasion at the TX border or save Americans in Afghanistan.

Great article explains why HR4 is a threat to election integrity. I voted NO.

We need secure elections which requires all voters to be legal citizens and show a valid ID.

That's not racist, that's common sense.

And no federalization of elections! Protect state rights!

Dear Colleagues,

Since Dictator Joe Biden started phase 1 of the Dems' Communist takeover of America yesterday & I don't have a GOP Conference call on my calendar or an email in my inbox from leadership to stop this insanity, well I m going to be more direct than usual

Cont'd

Marjorie Taylor Greene @mtgreenee 19h
After all, I ran for Congress because when Republicans controlled the House and Senate during the first two years of Trump's presidency they failed to deliver key issues that were of utmost importance to Republican voters.

Cont'd

Marjorie Taylor Greene @mtgreenee 19h
Broken campaign promises like

Repealing Obamacare Obamacare took my families premium from $800 to over $2400

Funding and building a border wall Rs funded all kinds of things for foreign countries but wouldn't build a wall for Americans.

Cont'd

Marjorie Taylor Greene @mtgreenee 19h
Along with millions of R voters, it was then that I realized that if Republicans can't accomplish the most important and easiest of campaign promises, when they held a strong majority with a President like Trump, then they never will

So I ran for Congress and here I am.

Cont'd

Marjorie Taylor Greene @mtgreenee 19h
I give speeches to hundreds to thousands of Republican voters every single week at home and all across the country.

Our voters are fed up with Republicans in Congress doing nothing to stop Dictator Joe Biden and the outright destruction to our country

Cont'd

Marjorie Taylor Greene @mtgreenee 19h
You see, Republicans have a razor thin minority in the House, only short a few votes.

This puts maximum pressure on Pelosi to perform because she can't lose any votes, she needs her full conference to pass bills.

And perform she does. I respect her for that.

Cont'd

Marjorie Taylor Greene @mtgreenee 19h
Easy to perform when Republicans in the House apply no real pressure even though Democrat bills are so heinously un-American.

The Communist Democrat agenda could be beat if my colleagues would legislate and take action the way many give interviews on TV

Here is what must be done

Impeach Joe Biden.

The GOP Conference must come together with Articles of Impeachment. Spend as much money as it takes to apply pressure on moderate Dems that know they will lose their seats if they vote NO on impeachment.

Cont'd

Marjorie Taylor Greene @mtgreenee 19h

GOP Conference calls & meetings that are nothing but altar calls for money.

Yes we have to raise money to take the House, but I will no longer be silent about half of the 20 "Republicans" that are benefactors of all that money for reelection.

Cont'd

Marjorie Taylor Greene @mtgreenee 19h
Those weak and moderate Republicans don't reflect the values of our base or our party. Why are they the ones diluting the decisions and stopping the fight?

Hence back to where I started on why I ran for Congress. Republican failures to do what they said they would do.

Cont'd

Marjorie Taylor Greene @mtgreenee 19h
Since I have paid all $175,000 of my conference dues, I have every single right to talk about how the money should be spent.

It should be spent on electing Republicans who will act like Republicans and not just play one on TV

Cont'd

Marjorie Taylor Greene @mtgreenee 19h
Because in case you all weren't paying attention, Joe Biden went full dictator yesterday and said out loud that this was just step one

Cont'd

Marjorie Taylor Greene @mtgreenee 19h
I've already submitted 4 different Articles of Impeachment on Joe Biden. I'm proud of my few colleagues who cosponsored and so are Republican voters all over America But we are waiting on the rest of the conference to do what our voters are screaming for

Cont'd

Marjorie Taylor Greene @mtgreenee 19h
I want more than anyone to take back the House in '22 and take it all in '24, but I also want my party to save this country from these old communists who radicalized decades ago to destroy it from within.

Cont'd

Marjorie Taylor Greene @mtgreenee 19h
Right now I have no confidence in the current leadership to do their job effectively to stop the Democrats unprecedented attack on our freedoms and our children's future because they are taking no action to prove it.

Dear Colleagues,

Since Dictator Joe Biden started phase 1 of the Dems' Communist takeover of America yesterday & I don't have a GOP Conference call on my calendar or an email in my inbox from leadership to stop this insanity, well I m going to be more direct than usual

After all, I ran for Congress because when Republicans controlled the House and Senate during the first two years of Trump's presidency they failed to deliver key issues that were of utmost importance to Republican voters.

Broken campaign promises like

Repealing Obamacare Obamacare took my families premium from $800 to over $2400

Funding and building a border wall Rs funded all kinds of things for foreign countries but wouldn't build a wall for Americans.

Defunding Sanctuary cities. Rs funded cities who harbor illegal aliens.

Defunding Planned Parenthood During the first two years under Trump, Rs couldn't even defund that disgusting abortion mill No, they funded it

That's the the one I really can't get over

Remember that big Omnibus that Trump was so angry over, the one that made us all furious?

Trump said never put another bill like this across my desk and the Republicans gave our great President no other option.

It can not be overstated that when Republicans don't do what they say, they give no reason for people to support them

Cont'd

32 617 3.2K

Marjorie Taylor Greene @mtgreenee 19h
Along with millions of R voters, it was then that I realized that if Republicans can't accomplish the most important and easiest of campaign promises, when they held a strong majority with a President like Trump, then they never will

So I ran for Congress and here I am.

I give speeches to hundreds to thousands of Republican voters every single week at home and all across the country

Our voters are fed up with Republicans in Congress doing nothing to stop Dictator Joe Biden and the outright destruction to our country

You see, Republicans have a razor thin minority in the House, only short a few votes.

This puts maximum pressure on Pelosi to perform because she can't lose any votes, she needs her full conference to pass bills.

And perform she does. I respect her for that.

Cont'd

19 473 [illegible]

Marjorie Taylor Greene @mtgreenee 19h
Easy to perform when Republicans in the House apply no real pressure even though Democrat bills are so heinously un-American.

The Communist Democrat agenda could be beat if my colleagues would legislate and take action the way many give interviews on TV

The political pendulum has swung back & forth between Rs & Ds for decades & we're $30 trillion in debt, on the brink of communism, at risk of economic collapse being drug into full dependence on a global economy & the experienced Rs want to lecture me on how it's done?

Here is what must be done

Impeach Joe Biden.

The GOP Conference must come together with Articles of Impeachment. Spend as much money as it takes to apply pressure on moderate Dems that know they will lose their seats if they vote NO on impeachment.

I witnessed 10 Rs vote to impeach Trump and 11 Rs vote with Dems to kick me off committees. Those traitorous votes are exactly why we fail to achieve our goals.

We must stay vigilant in our fight to end abortion.

You're right.

Healthy young people hospitalized from a vaccine for a virus that's less likely to put them in the hospital than the vaccine meant to protect them is important to me.

Families paying huge unnecessary hospital bills is devastating.

Obesity.

When do we help people overcome the highest risk factor for being hospitalized & dying from covid?

Obesity contributes to many unnecessary health conditions & debilitating cost.

And we can listen to kid's vax warnings from a hospital bed.

There is a lot to discuss with this @mcuban and I'm happy to talk it over in person.

So many sad stories are coming out about vaccines.

More research is needed not mandates.

Just wait until they say you can't fly unless your vaxxed.

That's coming.

Imagine the future lawsuits for vaccine injuries against companies that forced the vaccines.

All bad things.

This is the factual data complied in an organized manner.

The media should take note.

It's time to leave each other alone about mask and covid vaccines and allow people to make their own informed decisions.

Stop judging.

For your information, an unborn baby is someone else's body, that's why killing an unborn child is murder.

Making an informed choice about taking or not taking a vaccine for a virus roughly 99% of people survive is not a law.

Congress has not passed such a law, nor should.

Sheila Jackson Lee ✓ @JacksonLeeTX18

I don't hear the same ire when they tamper and undermine a woman's right to supervise their own body as they support this heinous and violent anti-abortion law supported by all Republicans in Texas.

This is why no entity should force NON-FDA approved vaccines or masks.

Instead help people protect their health by defeating obesity, which will protect them from covid complications & death, and many other health problems.

We should invest in health, not human experimentation.

These are beautiful Honda transmissions made in my district, employing 500 people.

The Democrats are passing the Green New Deal in the $3.5 T budget forcing Americans to drive EV's that don't use transmissions.

EV's run on Chinese batteries.

Democrats are #JobKillers.

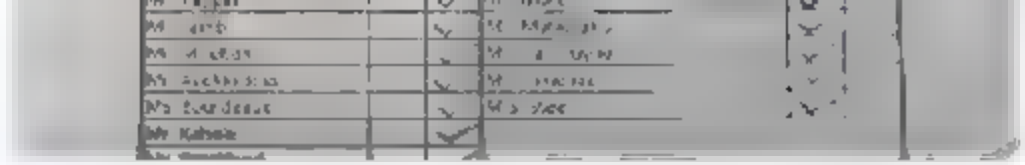
I am purely fed up with Republicans supporting the Democrat's Communist agenda.

How can any Republican vote against your amendment to stop vaccine passports especially being used against Americans to fly or travel by any means?



Why is Rep Fitzpatrick voting with the Dems?

Fitzpatrick voted with the Democrats to kick me off committees without doing anything wrong.

Fitzpatrick is in the top 20 Republicans receiving campaign support from the NRCC for his re-election.

Fitzpatrick should vote like a Republican.

Not a Communist Democrat.

When will this pathetic Congress pass a resolution condemning Communist Antifa and Marxist BLM?

They burn cities, violently attack innocent people, shoot police, and cause millions of dollars in damage to businesses and federal property every single day!

Congress is failing!

Joe Biden wants to force you to get the covid vax, but not illegals flooding across the border.

Now bc the Biden admin failed so badly in Afghanistan, measles is now a public health threat bc of all the Afghans they brought to the US.

It is criminal to restrict orders of life saving monoclonal antibody supplies.

If the Biden admin wants to save lives then Regeneron should be available the same capacity as Covid vaccines.

Ivermectin too.

Docs & Hospitals refusing to treat Un-vaxxed should lose their license.

Tomorrow there is a hearing about the Fulton county audit.

This should be the final one then the audit can start.

The FEC only allows a .008% error rate.

An audit will easily show far past that.

Masking children is child abuse.

Children need to see each other's faces and their parents and teachers faces in order to develop speech, expression, and emotional connections.

Wearing mask day after day is very unhealthy for kids.

This has to stop.

Tell me again about mask hypocrisy. Nancy Pelosi is the real hypocrite. Forcing masks mandates when she's on CSPN and when the left biased DC media is fawning.
But when it's in private settings her authoritarian rules don't apply. Those are just for the peasants, apparently.

Our statement from president @russvought

CITIZENS FOR RENEWING AMERICA

"The effort to draft America's daughters into frontline combat duty will undermine the military's combat prowess, lead to greater wartime casualties, and elevate woke ideology over defense capability.

"Men and women are not physically the same and women do not possess an equal opportunity to survive on the battlefield in direct combat with battle-hardened and violent men.

"We applaud Rep. Marjorie Taylor-Greene and other Members who are fighting to protect women and the integrity of our Armed Forces."

Congress is so dysfunctional that my special order tonight was changed three times today and cut in half from 1 hour to 30 minutes.

These people would fail in the real world and be fired from a normal job.

So expect part 2 of why the Green New Deal serves China, coming soon.

1. Globalists demand US tax dollars be spent to "rebuild" another country, to enrich the themselves at your expense through their "foundations", "charitable organizations," and super smart "investments":

How many FBI agents or informants have infiltrated Antifa or BLM domestic terrorist groups?

No amount of J6 media spin will cause people to forget BLM riots.

Why would any Republican vote yes to spending trillions of taxpayers hard earned dollars all to help Joe Biden achieve his agenda?

Real Republicans wouldn't foolishly sell out their voters just to pave a few roads or would they?

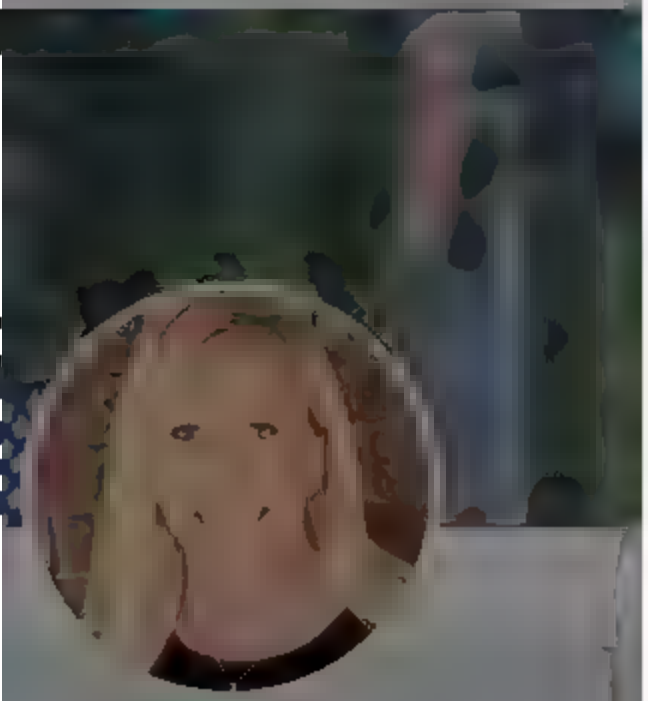
The Arizona forensic audit found over 17,000 duplicates of votes.

The same voter cast ballots 2, 3, and even 4 times.

This far surpasses the Federal Election Commission's legal limit of 0.0008% error rate.



The election must be decertified & people should be prosecuted.

The Presidio Trust basically gives away iconic real estate, overlooking the Pacific Ocean to billionaires for peanuts.

It's a park that creates neighborhoods, business parks, private schools for the elites while homeless people defecate on the sidewalks of San Francisco.

The most amazing part to me is that the Presidio Trust is managed like an investment portfolio by a well qualified board that knows how to make a profit, while the federal government is over $28 TRILLION in debt, but continually borrows from the taxpayers.

Right?

I mean why read 3,000 plus pages of trillions in spending?

That's not how things are done in the swamp.

I want to thank my Chief of Staff, Patrick Parsons, for helping me take the fight to the Socialist Democrats as I've transitioned into Congress.

He's advised me he will be moving back into the political arena to help elect America First conservatives who can fight alongside me.

Chief of Staff for Congresswoman Marjorie Taylor Greene has been the highlight of my professional career. She asked me to come to Washington and help organize her office. After eight and a half months fighting the Socialist Democrats and RINOs in DC, it's time to move on.

Americans are seeing our freedoms threatened and taken away by the Communist Biden Administration running our nation today and I can do more to stop that threat working on the outside than in Congress, just as I did heading Georgia Gun Owners. Only this time, circumstances require this be on a much bigger scale.

Marjorie Taylor Greene is an America First superstar who has become one of the leading policy-influencers in our party today She's shaken up Washington, DC, stood up to the Swamp and her own conference, disrupted business as usual, and showed Republicans how to fight and never back down.

Firing people for their vaccine status is discrimination.

They were not hired under that job requirement.

We are working on class action lawsuits.

Companies being the enforcers of government over reach should think about consequences when Republicans take back the House.

I'm opposed to all riots but I'm appalled at the selfishness and hypocrisy of the J6 committee and treatment towards J6 defendants.

J6 defendants are suffering true human rights abuse in jail, at the hands of our government, with no end in sight just bc of politics.

Biden's vaccine mandates through private companies are causing thousands of healthy people to be fired from critically needed jobs like nurses, teachers, and truck drivers.

It's only been 8 months.

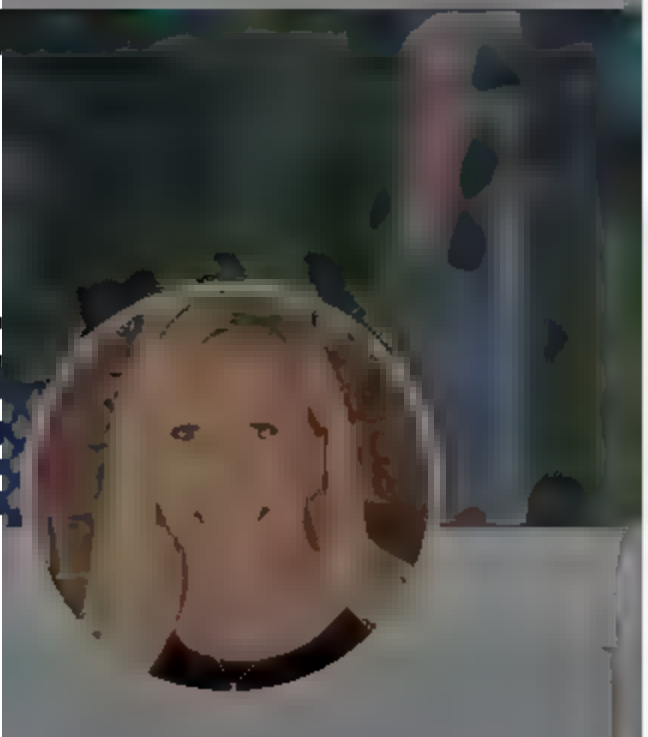
This is why the House Republicans must hold together and vote NO against the Infrastructure bill and revised version of the Reconciliation budget bill.

Do not give Biden his agenda.



A YES vote is a failure to the American people & starts bad things that can't be undone.

Every parent has the right to demand this disgusting and perverted intrusion into our children's thoughts and development stop immediately.

Let me remind the DOJ and the FBI who pays for the public school systems in this country.

The parents because they are also the taxpayers.

People donated money through Fightback Law (Lin Wood) to Kyle Rittenhouse's legal defense.

Kyle fired Lin in Dec.

People didn't donate to Lin Wood, so why would he want $2M back?

Only monsters hurt innocent people in their greatest time of need.

Kyle's trial starts Nov 1.

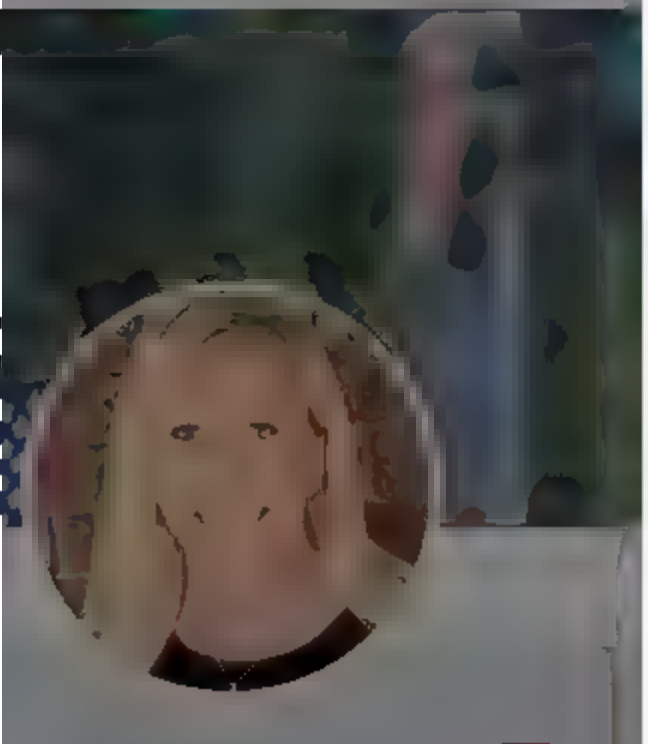
Kenosha County Circuit Court Judge Branch

SEP 7 2021

REBECCA MATOSKA-MENTINK
CLERK OF CIRCUIT COURT

RE: State of Wisconsin v. Kyle H. Rittenhouse (20-CF-983)



On behalf of the Fightback Foundation, this letter serves to inform the Court that the $2,000,000.00 cash bond posted in Kenosha County Case No. 20-CF-98 on behalf of the defendant, Kyle H. Rittenhouse, was made using funds of the Fightback Foundation which was received from its supporters. These funds were transferred by the Fightback Foundation to the Pierce Bainbridge Law Firm's trust account and paid by attorney John Pierce on behalf of and as agent for the Fightback Foundation. Attorney John Pierce is no longer the agent for the Fightback Foundation. Accordingly, the $2,000,000.00 shall be returned to the Fightback Foundation and when such funds are released consistent with Wisconsin law and pursuant to Court rulings releasing the bail money back to the individual or entity that posted the cash bail.

Sincerely,

Xavier Solis

Marjorie Taylor Greene

@mtgree ree

I want to thank my Chief of Staff, Patrick Parsons, for helping me take the fight to the Socialist Democrats as I've transitioned into Congress.

He's advised me he will be moving back into the political arena to help elect America First conservatives who can fight alongside me.

Chief of Staff for CongresswoMan Marjorie Taylor Greene has been the highlight of my professional career. She asked me to come to Washington and help organize her office. After eight and a half months fighting the Socialist Democrats and RINOs in DC, it's time to move on.

Americans are seeing our freedoms threatened and taken away by the Communist Biden Administration running our nation today and I can do more to stop that threat working on the outside than in Congress, just as I did heading Georgia Gun Owners. Only this time, circumstances require this be on a much bigger scale.

Marjorie Taylor Greene is an America First superstar who has become one of the leading policy-influencers in our party today She's shaken up Washington, DC, stood up to the Swamp and her own conference, disrupted business as usual, and showed Republicans how to fight and never back down.

The grumbling, moaning, & complaining about Trump running again in '24 from within the GOP conference just shows you that everything wrong inside the GOP still exist.

Instead of caring about who & what policies their voters support they still remain Never Trumpers.

Pathetic.

There is also no rule under OSHA that allows for companies to be fined for not mandating vaccines.

The electric vehicle tax credit scheme Governor Kemp opposes is just a small part of this monstrosity pushed by the Democrats.

Not only does Biden's budget have specific provisions that will directly damage businesses in GA, the entire bill would plunge our state into socialism

STATEMENT: Congresswoman Marjorie Taylor Responds to Governor Kemp's Letter to the Georgia Delegation

FOR IMMEDIATE RELEASE
OCTOBER 12, 2021

Washington D.C - Today Congresswoman Marjorie Taylor Greene issued the following statement in response to Governor Brian Kemp's letter to the Georgia Congressional delegation requesting opposition to Biden's budget

"This type of failed legislation is just more of the Democrats trying to pick winners and losers by only helping their friends while hurting others.

We must create and repeal laws to incentivize all businesses to create jobs while maintaining strong competition in the marketplace that always leads to great customer service and good prices for consumers.

The electric vehicle tax credit scheme Governor Kemp opposes is just a small part of this monstrosity pushed by the Democrats.

Not only does Biden's budget have specific provisions that will directly damage businesses in Georgia, the entire reconciliation bill would plunge our state into socialism.

Georgia's small businesses will have more than half of their income taxed at 52% if Biden's budget becomes law.

Over $80 billion will be directed to the IRS to double the number of agents used to target and harass families and job creators.

$7.5 billion will fund AOC's Civilian Climate Corps to enlist thousands of communist foot soldiers to promote and implement the Green New Deal.

The Biden administration is hell-bent on destroying the American Dream and crippling the economy by raising taxes, implementing communist 'environmental' regulations, targeting entire industries, and selling our nation to China

Georgia must ban ALL federal over reach with vaccine mandates.

Joe Biden's totalitarian orders must be stopped.

It violates people's medical freedom and will crush Georgia's strong economy.

Georgia is a Republican controlled state government and must stop Democrat tyranny.

ND is not civil war like Antifa/BLM incitement over the past few years, it's a civil legal process.

Biden's Green New Deal anti-oil & gas policies are causing such big problems that his own supporters are demanding he fix it.

With energy cost rising rapidly he had to grovel to oil & gas companies.

Joe shouldn't have canceled the Keystone pipeline.

The abuse of the J6 defendants is completely out of control.

Most of these people are charged with misdemeanors & not one of them is charged with insurrection.

Yet they are being abused & are treated as political prisoners while the left pretends none of the BLM riots existed.

Fulton County audit case dismissed on lack of standing!!

We must have full forensic audits.

No court will hear the actual evidence.

Inflation, border invasion, failure in Afghanistan, are proof of injury of election fraud in 2020.

Reprehensible that the judge dismissed it!

in their individual capacities,
Respondents.

ORDER GRANTING MOTION TO DISMISS

On August 17, 2020, a motion to dismiss was filed by three of the Respondents, Alex Wan, Vernetta Nuriddin, and Aaron Johnson, arguing, *inter alia*, Petitioners lack standing to bring their state constitutional equal protection and state constitutional due process claims. After appearing before the Court for a hearing on the matter on September 30, 2020, the Court finds that Petitioners have failed to allege a particularized injury. Thus, they lack standing to bring their claims, and the three Respondents' motion to dismiss is granted. Because Petitioners similarly lack standing as to the other two Respondents, the claims against Respondents Ruth and Wingate are also dismissed.

I want to thank my Chief of Staff, Patrick Parsons, for helping me take the fight to the Socialist Democrats as I've transitioned into Congress.

He's advised me he will be moving back into the political arena to help elect America First conservatives who can fight alongside me.

Chief of Staff for Congresswoman Marjorie Taylor Greene has been the highlight of my professional career. She asked me to come to Washington and help organize her office. After eight and a half months fighting the Socialist Democrats and RINOs in DC, it's time to move on

Americans are seeing our freedoms threatened and taken away by the Communist Biden Administration running our nation today and I can do more to stop that threat working on the outside than in Congress, just as I did heading Georgia Gun Owners. Only this time, circumstances require this be on a much bigger scale.

Marjorie Taylor Greene is an America First superstar who has become one of the leading policy-influencers in our party today She's shaken up Washington, DC, stood up to the Swamp and her own conference, disrupted business as usual, and showed Republicans how to fight and never back down

Otherwise, Stacey Abrams & Dems will use their orgs to harvest ballots based on new rules.

That's why it's critical that Republican voters still vote.

Voices online that are telling you not to vote are doing the Democrats' dirty work.

Stop listening to grifters telling you not to vote.

We must root out the fraud, but we also have to VOTE.

If we don't vote, the Democrats win by default.

It's time to audit the 2020 election, prosecute the fraud, end mass mail-in ballots, and FLOOD THE POLLS in 2022.

There's 3 steps to victory in 2022.

#1 Audit the 2020 election and prosecute voter fraud.

#2 Stop mass mail-in voting which leads to fraud.

#3 VOTE! Don't sit at home and hand over the victory to Democrats. Flood the polls!

Republicans have to get serious, here's why:

CA will ban the sale of all gas powered cars & trucks in 2035.

Good morning.

Democrats need to keep their grubby little hands out of people's bank accounts.

The IRS does not need to monitor how you spend your money.

It's none of their damn business.

Pass it on.
